Applications

Ideal for indoor equipment and carts that are moved often and need quiet rolling and stable positioning.

- **Manufacturing & Automated Lines:** Production equipment, fixture carts, inspection machines, material transfer carts and mobile workstations.
- **Warehousing & Logistics:** Picking carts, roll cages, platform trucks and material handling carts.

Compatible Equipment

Can be fitted to all kinds of equipment and carriers that need to move, turn or be positioned.

- **Material Handling Carts:** Material carts, platform trucks, roll cages, picking carts and transfer carts.

Suitable Floors

Suitable for most flat, hard indoor floors; final selection should still consider load, wheel diameter, wheel material and frequency of use.

- **Smooth Concrete Floors:** For factory production lines, warehouses and general work areas.
- **Indoor Industrial Floors:** For most manufacturing, processing and logistics environments.
